

## EXAMPLES OF GOVERNMENT RETALIATION

### LIE

A Judge reported to a licensing board that a witness, called as a FACT WITNESS did not file reports with the lawyers of the plaintiff and the defendant -

### TRUTH

1 – The witness was not hired as an EXPERT WITNESS, therefore required to file a report to anyone

2 – The witness never appeared in court as the Judge kept altering the dates of the hearing in order to dissuade witnesses and experts from testifying – which in fact happened

3 – The witness was never notified to appear at the trial and was never present in the court room at the trial

### LIE

Blue Cross Blue Shield stated that a clinician “illegally did not charge \$20. co-pays to clients”.

### Truth

The clinician was not a provider with the insurance company.

The provider did not take any form of insurance from any insurance company.

The provider gave a bill to the client so that the client could be reimbursed for services directly by check from the client's insurance company.

### LIE

A clinician was accused of fabricating a state license.

### Truth

The clinician brought in 40 years of licenses awarded by the state.

Outcome – OBVIOUS!
