[REDACTED]  
Paterson, NJ

Dear Ms. [REDACTED]

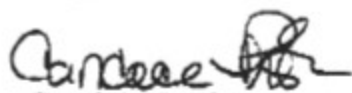

This Division has been in touch with the court to clarify the issue of our discretion in the matter of the children's visitation arrangements with Mr. [REDACTED]. It is our plan to not have [REDACTED] included at this time. However, he must be present at the psychological evaluation involving Mr. [REDACTED] and the children on 8/2/01, at 4:00 p.m., at the office of Dr. Paul Fullford. A Division worker will pick up [REDACTED] at 3:30 p.m. on August 2, 2001. It is expected that the [REDACTED] and [REDACTED] will visit with their father for the regular weekend visit as well as the three week summer vacation, starting 7/30/01. If there is any change to this plan, you will be notified.

In addition, we have referred your family to Family Intervention Services for counseling and that agency will contact you directly for an intake appointment. The children should not be attending any future counseling sessions with Dr. Jill Soderman.

As soon as Katharine Gluchoski returns from vacation, she will prepare your case for transfer to an ongoing unit within this office. At that time, a new case manager will be assigned to your family.

Should you have any questions, please contact this office at 523-6090, ext. 215.

Sincerely,

Candace Paska
